

Foursyte is an advanced technology and advisory solutions company serving Government and commercial customers across Defense, Intelligence, Homeland Security, and Energy — including the Office of the Secretary of Defense (OSD) and U.S. Army Special Operations Command (USASOC). We provide program management, technical support, and software development that deliver actionable analysis and mission support for senior-leader decision-making.

CORE COMPETENCIES

- ▶ Strategic policy analysis and decision support for senior leaders at the OSD, Joint Staff, and interagency level
- ▶ Program and technology advisory support for Special Operations and interagency partners
- ▶ Homeland defense, Defense Support of Civil Authorities (DSCA), and defense support of federal law enforcement (DSFLE) — operational coordination, planning, and execution support
- ▶ Domestic incident response, operational resilience, and CBRN / public-health preparedness support, including exercises and contingency operations
- ▶ Capability integration for emerging threats — counter-UAS, autonomous systems, directed energy, and advanced RDT&E
- ▶ Legislative and oversight support — Congressional inquiries, GAO/IG audit responses, and tasker management
- ▶ Classified program support — acquisition, legal, and security; CAI/PAI law and policy; cyber / OIE

DIFFERENTIATORS

- ▶ Cleared professionals with decades of experience across DoW, the Intelligence Community, USSOCOM, and the Interagency — including former senior officials and attorneys
- ▶ Small-business agility backed by a network of partners and cleared consultants that can scale rapidly to mission need (cyber operations, training, software development, and SCIFs)
- ▶ Record of top performance ratings from DoW customers
- ▶ NCR-headquartered; established 2014

PAST PERFORMANCE HIGHLIGHTS

- DOW** “Exceptional”
- USSOCOM** “Excellent. Exceptional performance.”
- U.S. ARMY** “Stellar performer”
- DTRA** “Vital to mission success”

MISSION SUPPORT

Policy analysis, operational support, and senior-leader decision support for the homeland defense and national security mission

Foursyte provides technical, analytical, and policy advisory support to national security organizations across the Department of War, the Intelligence Community, and the Interagency. Our cleared professionals deliver timely, accurate, and actionable analysis that enables senior leaders to make decisions in fast-moving, high-consequence environments — from deliberate policy development to real-time operational coordination.

Strategic Policy Analysis & Decision Support

Analytical products, briefing materials, and read-aheads that inform senior-leader decision-making at the headquarters level. We support deliberate and time-sensitive planning, policy development, and strategy implementation across complex stakeholder environments.

Capability Integration & Emerging Threats

Assessment of operational requirements, identification of capability gaps, and coordination support for integrating emerging capabilities — including counter-UAS, autonomous systems, and directed energy — to address evolving asymmetric threats.

Homeland Defense, DSCA & Support to Federal Law Enforcement

Operational and policy support for homeland defense, Defense Support of Civil Authorities (DSCA), and defense support of federal law enforcement (DSFLE) — including coordination across military components, federal agencies, and interagency partners in support of domestic operations.

Legislative & Oversight Support

End-to-end support for Congressional inquiries, GAO and IG engagements, and internal taskings: tracking taskers, consolidating inputs across stakeholders, and preparing clear, well-structured written products for senior-leader review.

Domestic Incident Response & Operational Resilience

Support to domestic incident response, emergency preparedness, exercises, and contingency operations, including CBRN and public-health preparedness. We help organizations coordinate, respond, and maintain continuity through dynamic and time-sensitive events.

Interagency & Stakeholder Coordination

Coordination support that connects military components, federal law enforcement, and external partners — ensuring alignment of planning efforts, mission priorities, and time-sensitive taskings.
